MEMORANDUM FOR: Director of Communications

VIA : Deputy Director for Operations
Deputy Director for AdministrationFROM : [REDACTED]
Chief, East Asia Division

SUBJECT : Communications Officer [REDACTED]

1. It is requested that a communications officer be assigned to [REDACTED] to handle off-line Agency traffic for the base.

2. A DDO officer will arrive [REDACTED] in mid-October for temporary duty until the arrival of a PCS officer in December. As the responsibilities of the TDY officer will be largely to help [REDACTED] get organized and into operation, it is anticipated that he can handle his own communications during this initial period. With the arrival of the PCS officer (and his Agency contractually employed wife), the volume of Agency traffic can be expected to increase as operational activity gets under way. It would, therefore, be appreciated if a communications officer could be scheduled to arrive in December.

3. In selecting an officer for this assignment, it would facilitate anticipated preliminary work in the field of clandestine SIGINT operations if the officer either had experience with such work, or could be made available for appropriate training prior to going [REDACTED]
